Health Insurance Policy Document

Meridian Bloom Health

Whole-person care that treats mental and physical health as connected.

Member promise: Behavioral-health support is presented as a standard part of care, without stigma or separate navigation burdens.

Coverage policy: Covered outpatient therapy, psychiatry, and substance-use services follow the member's plan cost share and network rules.

Access standard: The digital behavioral-health directory displays current availability, language capabilities, and telehealth options when known.

Service commitment: Urgent behavioral-health requests are triaged the same day; crisis situations are directed to local emergency resources.

Policy governance

Member information is protected and used only for permitted care, payment, operations, and legal purposes. Members may request accessibility accommodations, a supervisor review, or an appeal of an adverse benefit decision. Coverage remains subject to the applicable plan certificate, exclusions, authorization rules, and governing law.
